ABOUT ME

I'm a passionate UI/UX Designer focused on crafting user-centred, visually engaging, and functional digital experiences. With strong expertise in Graphic Design, WordPress Development, and Front-End Development, I specialize in crafting intuitive interfaces that resonate with users. Combining creativity with a strong understanding of design principles and user behaviour, I consistently deliver impactful solutions that exceed client expectations.

PROFESSIONAL EXPERIENCE

UI/UX Designer (Strategic Partnership Solutions Pvt Ltd) Jan 2024 - Present

- Designed intuitive UI/UX interfaces for both web and mobile applications to ensure seamless user experiences.
- Conducted usability testing and applied iterative enhancements for optimized functionality and flow.
- Developed and customized WordPress websites, including theme and plugin integration, to meet client needs.
- Managed complete web project lifecycles, aligning visual design with technical implementation.
- Delivered high-quality graphic design elements that supported brand identity across digital platforms.

UI/UX Developer Intern (eBlix Technologies Pvt Ltd) 2022 - 2023

- Conducted user research to inform user-centred design decisions and improve product usability.
- Applied HTML, CSS, JavaScript, and PHP to develop responsive, interactive web pages.
- Designed impactful visual assets for branding, marketing, and digital media across various client projects.

Freelance UI/UX and Graphic Designer 2021 - Present

- Collaborated with clients to design responsive, user-friendly interfaces for both web and mobile platforms.
- Provided graphic design solutions to enhance brand identity and visual consistency.
- Managed multiple projects effectively, delivering creative and timely design outcomes.
- Maintained up-to-date knowledge of design trends and tools to deliver modern, innovative solutions.

PROJECTS

‘Infomate (John Keells Group)’ Document Management Workflow System | Strategic Partnership Solutions Pvt Ltd

- Designed seamless user interfaces for both web and mobile platforms, covering all key scenes such as document uploading, workflow tracking, task assignment, approvals, and status monitoring for enterprise-level document management (*Figma, Adobe Illustrator*)

Smart Campus Management System (Group Project) | ESOF Metro Campus (Kingston University)

- Contributed as lead UI designer, crafting intuitive interfaces across the full web platform (*Figma, Adobe Illustrator*)
- Developed key administrative modules including Class Management, Fee Head Management, and Fee Structure Management with full CRUD functionality (*VS Code, Laravel (PHP), Bootstrap (HTML , CSS , JavaScript)*)

‘SCB’ Bank and ‘Hemas’ Holdings PLC Workflow Management Systems | Strategic Partnership Solutions Pvt Ltd

- Redesigned complete web-based workflow systems for both platforms, upgrading outdated interfaces into modern, user-friendly dashboards. Focused on improving usability, streamlining complex approval processes, and delivering a responsive design for enhanced productivity across departments. (*Figma*)

‘DFCC’ Bank Loan Origination System | Strategic Partnership Solutions Pvt Ltd

- Designed dashboard and customer profile interfaces for the web platform. Additionally, crafted intuitive mobile UI designs for the customer onboarding flow, ensuring a seamless user experience across devices. (*Figma*)

People’s Leasing and Finance PLC Vehicle Valuation Mobile Application | Strategic Partnership Solutions Pvt Ltd

- Redesigned a mobile app to streamline vehicle data capture and reporting for faster loan processing. (*Figma, Adobe Photoshop*)

‘Hotwok’ Food Restaurant Website

- Designed a responsive and visually engaging restaurant website to showcase menus, manage reservations, and enhance customer interaction for ‘Hotwok’ (*Figma, Adobe Photoshop, Adobe Illustrator*)

‘Dtycoons’ Real Estate Website

- Designed a dynamic real estate website for property listings, agent profiles, and customer inquiries, improving user engagement and lead conversion (*Figma, Adobe Photoshop*)

‘Chorustec’ IT Solutions Company Website | Strategic Partnership Solutions Pvt Ltd

- Designed and developed a professional corporate website for ‘Chorustec’ to showcase services, portfolio, and company profile, enhancing brand credibility and client outreach (*WordPress, JavaScript, HTML, CSS*)

Hospital Management System Web Application (Individual Project) | National Institute of Business Management

- Built a comprehensive hospital management system for patient records, appointments, and billing, streamlining operations and improving accessibility (*Bootstrap (HTML , CSS , JavaScript) PHP , MySQL*)
